- Right to limitation of processing
- Right to object to processing

### **C. Collection of personal data when visiting our website**

(1) When using our website for purely informational purposes, i.e. without registering or otherwise submitting information to us, we only collect the personal data that your browser transmits to our server. If you would like to view our website, we collect the following data that we require from a technical point of view to display our website to you and guarantee stability and security (the legal basis here is article 6(1) sentence 1, lit. f GDPR):

- IP address
- Date and time of enquiry
- Time zone difference to Greenwich Mean Time (GMT)

(2) In addition to the aforementioned data, when using our website, cookies will be stored on your computer. Cookies cannot execute programs or transmit viruses onto your computer. They are designed to make the internet service as a whole more user-friendly and effective.

(3) Use of cookies:

a) This website uses the following types of cookies, the scope and functioning of which shall be described below:

- Transient cookies (b)
- Persistent cookies (c).

b) Transient cookies are automatically deleted when you close the browser. These include session cookies in particular. They store a so-called session ID with which the various requests from your browser are assigned to the session as a whole. This means your computer can be recognized when you return to our website. The session cookies are deleted when you log out or close the browser.

c) Persistent cookies are deleted automatically after a specified length of time, which may differ depending on the cookie. You can delete the cookies at any time in your browser's security settings.

d) You can configure your browser settings according to your needs and decline acceptance of third-party cookies or all cookies, for example. We advise you that you may not be able to use all functions of this website.

These objects store the data required independently of your browser used and have no automatic expiry date. If you do not want Flash cookies to be processed, you have to install a corresponding add-on. The use of HTML5 storage objects may impede you as they use private mode in your browser. We also recommend manually deleting your cookies and browser history regularly.

f) This website uses Google Analytics, a web analysis service of Google Inc. ("Google").

#### **D. Google Analytics**

(1) Google Analytics uses so-called "cookies", text files that are stored on your computer and enable analyses to be carried out regarding your use of the website. The information generated by the cookie about your use of this website is generally transmitted to a server of Google in the USA and stored there. In the event that IP anonymization is activated on this website, your IP address will be shortened in advance by Google, however, within Member States of the European Union or in other Contracting States to the Agreement on the European Economic Area. Only in exceptional cases will the full IP address be transmitted to a server of Google in the USA and shortened there. On behalf of the operator of this website, Google shall use this information to analyze your use of the website to compile reports on website activity and perform further services associated with website usage and internet usage for the website operator.

(2) You can prevent cookies being stored by selecting the corresponding setting in your browser software; we advise, however, that you may not be able to use the functionality of this website to its fullest extent in this case. You may also prevent the gathering of data generated by the cookie relating to your use of the website (including your IP address) by Google as well as the processing of this data by Google by downloading and installing the browser plug-in available at the following link: <https://tools.google.com/dlpage/gaoptout?hl=en>.

(3) This website uses Google Analytics with the extension "\_anonymizeIp()". Here, IP addresses are further processed in shortened form meaning individual identification of the user is not possible. Should the data gathered about you enable identification, this will be immediately precluded and the personal data immediately deleted.

(4) We use Google Analytics to analyze and regularly improve use of our website. Using the statistics obtained, we can improve our offering and make it more interesting for you as a user. For exceptional cases in which personal data is transmitted to the USA, Google is subject to the EU-US Privacy Shield, <https://www.privacyshield.gov/EU-US-Framework>.
